

Spring Challenge 2018

Is this what some of your best intentions look like?

How many times have you been inspired by a quilting idea or pattern and purchased all the necessary supplies and even gotten a good start, only to be forced to lay it all aside because something else became more important and demanding of your time and attention? Well, that is how a UFO is born! And this is the Spring Challenge for you! What?! You don't have any UFO's?!?! We have something for you as well! Here are the details...

UFO Challenge

Select a project that is lying dormant as of 8/29/2017.

Come up with an approximate date it was started.

Project must at least be partially cut.

Entered project can be anything and any size and must be completely finished, quilted, bound and labeled.

You do not have to do your own quilting, but you cannot win in the quilting category unless you have quilted the item yourself so you will be asked to note that.

If you do not have a UFO to complete you may make a quilt for the charity of your choice.

Prizes will be awarded in the following categories: Best Appliqué, Best Piecing, Best Quilting, Best Overall Charity Quilt.
