APPLIQUE CIRCLES, STEMS AND MORE!

NATIONAL QUILTING DAY SPECIAL EVENT

Never fret about smoothly round circles, crisp applique edges, or narrow stems again! This workshop will set you on a course to prepare applique for either hand or machine stitching. The use of spray sizing and no melt plastic templates are the key to successful mastery. The students will work with a block pattern as a sample to learn the technique. Kits will be provided. Students should bring - hand sewing needle, pins, purple glue stick (must be water soluble), thread for basting, scissors, pencil or markers for marking on fabric, small iron, and small ironing pad.
